COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

The Examiner stated the following:

The terminal disclaimer filed on 2-19-2008 overcomes all of the double patenting rejections except for one. The provisional nonstatutory double patenting rejection is the remaining rejection. Since this application is the earlier filed of the two applications remaining in the provisional nonstatutory double patenting rejection the provisional rejection is withdrawn in this application and the double patenting rejection will remain in the other application (see MPEP 804).

While the Applicants agree that the allowed claims recite a combination of subject matter that is patentable over the cited references, the Applicants do not necessarily agree with or acquiesce in the statement of reasons for allowance given by the Examiner. Moreover, the Applicants note that the recited subject matter as well as various other subject matter and/or combinations of subject matter may be patentable for other reasons than those given by the Examiner. The Applicants expressly reserve the right to set forth additional and/or alternative reasons for patentability and/or allowance in connection with the present Application or in any other future proceeding.

REMARKS

These Comments on Statement of Reasons for Allowance under 37 C.F.R. § 1.104 are intended to be responsive to the Notice of Allowance dated July 11, 2008.

The Commissioner is hereby authorized to charge any additional fees which may be required regarding this application under 37 C.F.R. §§ 1.16-1.17, or credit any overpayment, to Deposit Account No. 19-0741. Should no proper payment be enclosed herewith, as by the credit card payment instructions in EFS-Web being incorrect or absent, resulting in a rejected or incorrect credit card transaction, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 19-0741.

Respectfully submitted,
